

Pitch

The world cup is the most watched event around the world,

Where the last year in the Qatar 2022 world cup

More than 2 million tickets were registered

Equivalent to filling a little more than 34 times the capacity of the Maracanã

A profit of 440 million dollars

Exorbitant and striking figures for the organizers of massive events

Hello everyone, we are blocksidian

And I am Yasser

And today I present a revolutionary platform in the world of ticket sales

How many times have you ever tried to buy tickets online for your favourite event

Only to face expensive intermediaries, long waits and security concerns

This is common experience for many live event lovers

And this is where blocksidian comes in

We use blockchain technology to solve these problems once and for all

Our platform offers security, transparency and efficiency in every transaction

First, we cut out unnecessary intermediary by connecting events organizers and fans

Second, we use Zeniq to ensure fast and secure cryptocurrency payments

Third, we offer financial efficiency with Nomo app

In addition, we are trying to implement ERC-1155 for a more versatile experience, lowering development costs and blockchain resources.

Our competitive advantages are clear. We use the security and speed of Zeniq, the ease of Nomo app and coming soon the versatility of ERC-1155

To stand out in a competitive and highly remunerative market

Our business model is simple and sustainable

We charge a small commission per ticket sale

And we are exploring premium services and advertising space to increase our revenue

The market for online tickets sales is vast and continues to grow.

Our targets a diverse audience of fans and event organizers looking for a secure and efficient experience

We are progressing through the development phases according to our roadmap, and expect ROI after 7 to 10 major events

Blocksidian stands out for its focus on technological innovation and reliability.

We prioritize data and transaction security to deliver the best possible experience for our users

In summary, Blocksidian is poised to revolutionize online ticketing.

We are committed to innovation, security, and customer satisfaction.

Join us on this exciting journey and together we will change the way the world buys tickets online

Now, I'm open to your questions - how can I help you better understand Blocksidian's potential?
